

SKYTRAXX REMOTE

Manual

Pairing the Remote Control

Turn on Skytraxx → Menu Extras → Remote Control → Pairing → Press any button on the remote control → Select the button function

Tip: You can pair up to two remote controls.

Compatible with SKYTRAXX 2.1, 4.0, 5, and 5mini

Power Supply

The remote control has a built-in battery (CR2450).

The battery life is 2-3 years.

Care & Instructions

The remote control is splash-proof, but not waterproof.

Clean it with a soft, dry cloth after each flight.

Avoid direct sunlight or high temperatures (e.g., in a car).
